Soft-robotic Harvesting for Iceberg lettuces

- Iceberg lettuce accounts for 89% of the lettuce consumed in the world
- Water knives damage the main core and are unfeasible
- £4.5m are spent yearly on labor costs for Iceberg lettuces (Internal reports from G’s Growers)

Problem and proposed solution:
Total Costs = € 194,127 (X5 available)

Directly Incurred Costs = € 108,456
Directly Allocated Costs = € 20,598
Total Overheads = € 65,073
