innovationLabs currently under development...

• Bringing together the best entrepreneurial & postdocs from across all 6 Schools in new postdoctoral innovation Fellowship programme
• 2 year Labs each focused on a major societal challenge
• Connecting Fellows with the ecosystems and networks relevant to the challenge
• Supporting them in developing the skills and insights needed to create high impact ventures
innovationLabs goal

1 billion people’s lives positively impacted by the ventures created, within 10 years

Credit: Chase Mohrman
Get involved with innovationLabs!

• Help frame the Challenges
  – Scalable and sustainable nutrition systems
  – Active living to 100
  – Infrastructures for fair societies
• Connect us with potential partners
• Talk to us about potential funding collaborations and donors
